

Skinhead Girls

Refrain (x2) :

We are, we are the skinhead girls
We are anti fa/sci/sm
We are, we are the skinhead girls
We are against ra/ci/sm

In the street look down
We don't walk alone
There are bad boys
There are bad boys !
They wear pins patches
Skin tatoo and braces
And shout in joy
And shout in joy !

Refrain (x2) :

We are, we are the skinhead girls
We are anti fa/sci/sm
We are, we are the skinhead girls
We are against ra/ci/sm

He's a poor neighborhood boy
Who wears old Dr Martens
This morning, so freezing,
I'm going to see him

We danced all the night to music Oi
To drown our tears we drank
Too much beers like bad boys

Even through we are still broke
And that we took bad stroke
We have voice, joy and more
To cry out for freedom

Cuivres

Refrain (x2) :

We are, we are the skinhead girls
We are anti fa/sci/sm
We are, we are the skinhead girls
We are against ra/ci/sm

We go against the stream,
We won't give up now,
At the cost of deathblow
To reach our dreams
We got each other and that's all we need
Birds of a feather flock together
Blood is thicker than water

Alone, getting old,
The breath getting cold
I'll listen to Oi
I'll listen to Oi !
Remember our fight,
Bloody but so right
It was our choice
It was our choice !

Refrain (x2) :

We are, we are the skinhead girls
We are anti fa/sci/sm
We are, we are the skinhead girls
We are against ra/ci/sm
